

SHOWDAILY DAY 2

BHARAT SHIKSHA EXPO 2025 REDEFINED THE OUTLOOK OF INDIAN EDUCATION

THE PREMIER EDUCATION EVENT IS BRIDGING POLICY, INNOVATION & FUTURE-READY LEARNING

Day 2 at **Bharat Shiksha Expo 2025** unfolded with remarkable depth and energy, bringing together policymakers, educationists, school leaders, and innovators to discuss one powerful idea: how can we collectively build an education system that is future-ready, inclusive, and rooted in the Indian context? Furthermore, an education allowing students to become more self-reliant, and enterprising.

The second day of Bharat Shiksha Expo 2025 truly embodied the spirit of experiential learning, innovation, and collaboration, inspiring young minds to explore, create, and lead. With

enthusiastic participation across diverse workshops and competitions, the expo is fast emerging as a dynamic platform shaping the future of education in India. The 2nd day has also experienced the bustling footfall of students, parents, enthusiasts, and distinguished stakeholders.

With plenty of educators and institutions walking the aisles, engaging in sessions, and exploring solutions across the exhibitor pavilions, the day became a testament to the Expo's true potential—as a **live, collaborative platform** for reshaping India's education future.

NEP 2020 IMPLEMENTATION FROM VISION TO REALITY

The **Higher Education Department, Government of Uttar Pradesh**, led a high-impact panel discussion on the practical adoption of the **National Education Policy (NEP) 2020**.

Speakers delved into how UP's academic landscape is actively evolving to align with the NEP's focus areas—including **vocational education, multidisciplinary learning, regional language inclusion, and the integration of India's traditional knowledge systems**.

Prof. Dinesh Sharma, Member Secretary, UP-SLQAC and NODAL for Bharat Shiksha Expo 2025, Higher Education Dept., UP highlighted policy adoption strategies, while **Dr. Rajiv Kumar, Principal, Govt. Degree College, Noida** and **Prof. Kishor Kumar, Principal, M.B College, Dadri, G.B Nagar** shared institutional reforms on vocational and multidisciplinary learning.

Dr. Deepti Bajpai, Professor, Sanskrit and Prof. Anita Rani Rathore, Principal, KMGG PG College, Badalpur emphasized the integration of traditional knowledge systems and regional languages.

This wasn't just a policy talk it was a ground-level reflection of how real change is being shaped through curriculum flexibility, stronger student support, and a culturally contextual education model that honours India's roots while embracing its future.

STARTUPS DRIVING CHANGE: INNOVATION THAT EDUCATES

In a session dedicated to **"Educational Products and Services for Students and Educators"**, a line-up of emerging startups and solution providers presented real-world tools that are helping schools and colleges navigate 21st-century challenges.

From **student financing platforms** helping learners bridge economic gaps, to **digital classrooms**, **mentorship tools**, and **immersive learning systems powered by AR/VR**, the session showcased technology not just as an add-on—but as an enabler of equity, excellence, and personalized learning.

Distinguished panellists: **ROHIT VERMA - MD & CEO, Metaverse911.rs**, **Ojas Barve - Chief Learning Officer & Head of Strategy, HubbleHox Technologies & VIBGYOR Group of Schools**, **Ishan Sharma - Founder & Director, Mappen**, **Akash Atolia - Director, Loanustad** emphasized the need for practical, scalable solutions that support educators, enhance student engagement, and create measurable learning outcomes.

AI & ROBOTICS: PREPARING STUDENTS FOR THE WORLD OF TOMORROW

The future came alive during a compelling session conducted by the **URJAA Global Principals Association**, focused on **Integrating Robotics and AI in Schools** for future ready Education.

A stellar panel of visionary principals and educators— **Tandrani Ghosh**, Principal, Oxford Greens Public School, **Jyoti Luthra**, President, URJAA Global Principal Association (Moderator), **Swapna Nair**, Principal, Bal Bharti Public School, **Brij Vihar**, **Ritvik Luthra**, Director, Tiny Big Ventures—shared powerful stories from their own institutions on how technology is not just part of the curriculum but woven into the fabric of everyday learning.

From robotics labs to AI-infused projects, and from teacher capacity building to student-led innovation clubs, the session highlighted the critical need for **future-readiness in schools**—where creativity, problem-solving, and tech fluency go hand-in-hand.

Glimpses

EXCITING ACTIVITIES OF DAY 2

Day 2 of Bharat Shiksha Expo 2025 was filled with energy and innovation as students actively participated in a series of engaging activities.

22 Teams - 90 Bright Minds - One Hackathon that Redefined Innovation and Zeal!

A major highlight was the **Hackathon**, which saw the participation of **22 teams** comprising **approximately 90 students** from renowned institutions like **IIMT College, Galgotias University, Indraprastha College, NIET, and Moradabad Institute of Technology**. The young innovators showcased their problem-solving skills and technical prowess, making the competition both intense and inspiring.

Hands-On, Minds-On: Over 300 Students Explored Science, Wellness & Creativity Through Nature's Workshop

The **Nature's Workshop** attracted over **300 students** through its three immersive sessions. The **Aarogyam** activity, focused on blood group and blood pressure checking, was attended by around **100 students**. The chemical testing segment engaged nearly **90 students** in hands-on experiments, while the cosmetics-making session, where students learned to make lip balm and soap, witnessed a turnout of **110 students**. Schools like **Uma Public School, DAV Public School, S.S. Public School, and K.R. Mangalam School** actively participated, turning the workshops into vibrant spaces of experiential learning and creativity.

600 Students, Endless Curiosity—Building the Future with Robotics

Additionally, the **Robotics Workshop** continued to draw massive interest, with **around 200 students attending on Day 2**, bringing the total number of participants to approximately **600** across the first two days of the expo, as **400** on the opening day and **200** today reflecting the growing enthusiasm among students for technology and innovation.

From Questions to Confidence—Day 2 Empowered Every Learner

Day 2 of Bharat Shiksha Expo 2025 saw strong engagement from students in activities designed to both challenge and guide them. The **quiz competition** drew curious minds from various schools, who enthusiastically competed across themes like science, business, technology, and general awareness. On **Day 2 total 36 teams** were there, **no of students were 144**. Students from **Sambu Dayal public school, Somerville School Greater Noida, SC. DAV, Ryan International school, K.R Mangalam school, Bloom public school, Rao Kasal school, Bal Bharati Public school, Mahamaya Balika Inter College, Kothari International school, Uma public school and APJ International school** participated in the quiz competition. The atmosphere was charged with energy as students put their knowledge to the test in a fun, fast-paced setting that encouraged both learning and teamwork.

Equally impactful was the **career counselling zone**, where students had one-on-one interactions with education experts and counsellors. Many took the opportunity to ask thoughtful questions about college admissions, scholarship options, entrance exams, and future career choices. For many attendees, it was a first step toward clarity and confidence in shaping their academic journey. On **Day 2 there were 12 Counsellors, almost 200 students taken benefits of counselling**. Counsellors were from **Global Pathfinders, Kiet Group of Institutions, Mappen, Rameesh Institute, Sharda University, Teri School of Advance Studies, Unirely Study Abroad and Global Education Talent Private Ltd.**

Codethon Sparks Coding Enthusiasm Among Students

The Codethon at **Bharat Shiksha Expo 2025** saw an impressive turnout, with over **350 students** showcasing their programming skills in a high-energy, problem-solving environment. Participants from leading schools like **Millennium School, Indrapuram public School, Jaypee International School, and DDPS**, alongside college students from institutions such as **GL Bajaj, Galgotias University, IIMT Noida, and Sharda University**, brought creativity and logic to life through code. The event reflected a growing passion for tech-driven learning and a strong foundation in computational thinking among today's learners.

Day 2 of the Ultimate Singing Battle - Young Voices, Big Dreams, One Stage

Day 2 of **Bharat Shiksha Expo 2025** echoed with music, passion, and youthful talent as nearly **50 students** took the stage for the much-awaited **Singing Battle**, organised in collaboration with **T-Series StageWorks Academy**. Participants from schools and institutes like **K.R. Mangalam World School and Meerut Institute of Technology** mesmerized the audience with their performances across genres.

The event was more than just a competition, it was a celebration of voice, confidence, and creativity. Each performance lit up the stage, leaving a lasting impression on judges and listeners alike.

Testimonials

Dr. Himanshu Sharma, Assistant Professor, GLA University, Mathura:

This is a wonderful experience at Bharat Shiksha Expo 2025 at India Expo Mart in Greater Noida. We're presenting a lot of innovative technologies, like 3d printer technology and other technologies. We had fun gaming activities as well for the students. Many students are attracted to computer science engineering and Electronics & Communication engineering that we're offering at the institute. It is a wonderful opportunity for students to learn about the latest technologies.

Mr. GOPAL, Techno Music:

Being part of Bharat Shiksha Expo for the second year in a row has been an incredible experience. As a provider of specialized Western music instruments and equipment, it's heartening to see how enthusiastic students and educators are about quality music education tools. The response this year has been even better, students are genuinely interested, schools are engaging meaningfully, and we've even closed a few promising deals. This platform is truly bridging the gap between innovation and education, and we're proud to be a part of that journey.

Mr. ABHISHEK, TIE Delhi-NCR:

Bharat Shiksha Expo 2025 has once again proven to be a dynamic platform for meaningful engagement. At TiE Delhi-NCR, our mission is to nurture the spirit of entrepreneurship from an early age, and this event aligns perfectly with that vision. It's inspiring to see students so curious, so driven to understand the world of startups and innovation. We've had incredible interactions with young learners who are already thinking like future founders. Platforms like these are crucial in shaping an entrepreneurial mindset early on, and we're excited to keep contributing to this movement.

Ms. Vinny Sharma, Professor, Galgotias University:

It is a magnificent show organised by India Expo Centre & Mart. We are showcasing the transformation of the Higher Education System. The entanglement towards enriching the education system in India in terms of emphasising how we can transform the system together into student learning training centres. We are showing transformation and innovation at our pavilion. We are presenting AI – Bot Library system. Thank you so much, Expo Mart for allowing us to showcase our achievements.

Mr. Sandeep Khare, Raman Research & Innovation:

Bharat Shiksha Expo 2025 has given us a phenomenal platform to connect with curious minds and passionate educators. At Raman Research & Innovation, we're committed to nurturing future scientists and innovators by offering hands-on mentorship in payload design, patent development, and meaningful internships. Seeing one of our student-designed payloads being selected for launch by ISRO is a proud milestone. The enthusiasm at the expo proves that when you give students the right guidance and opportunity, they're capable of reaching for the stars like literally.

BEYOND AN EXPO: A MOVEMENT FOR EDUCATIONAL TRANSFORMATION

As the day came to a close, one thing was clear that **Bharat Shiksha Expo 2025** is more than an event. It is a **movement**, a **dialogue**, and a **demonstration** of how education in India is rising to meet both global standards and local aspirations.

Across **policy panels**, **product launches**, **student competitions**, and **vibrant networking spaces**, the Expo is bringing together a shared vision for education, one that is learner-centric, values-based, and resilient in the ever dynamic world.

Stay tuned for Day 3, as we gear up for another inspiring day of knowledge sessions, student showcases, and powerful exchanges that define the spirit of this remarkable platform.
